## STRATEGY PLOY

### FATE ITSELF IS MY WEAPON

By manipulating the skeins of fate, a Sorcerer may stay the blade of a foe, or ensure their own warriors land a killing strike.

Roll two D6 and reserve them (put them to one side). In the Firefight phase of this turning point, whenever an operative is shooting, fighting or retaliating, after you or your opponent roll their attack dice, but before re-rolls, you can use one of your reserved dice to replace one of the D6 rolled for that sequence (yours or your opponent's); that replacement dice cannot be re-rolled or retained as a success if it's not, and is discarded at the end of that sequence. Then, if the combined result of both reserved dice was less than 9, discard the other dice. You cannot use more than one reserved dice per sequence. Discard any remaining reserved dice at the end of the turning point.
