

WYRMBLADE

FACTION RULE

FAMILIAR TERRITORY

Genestealer Cults infiltrate all stratas of Imperial society, accumulating knowledge of transit routes, passageways and hidden tunnels by which they may outmanoeuvre their foes.

When setting up a **WYRMBLADE**  kill team before the battle, one third of your kill team can be set up in **HIDING**: place them to one side instead of in the killzone. **CULT AGENT** operatives cannot be set up in **HIDING**.

In the Firefight phase, friendly **WYRMBLADE**  operatives set up in **HIDING** are activated as normal. When you do, you can either expend that operative or have it emerge. If it emerges, set it up in the killzone in a location it can be placed as follows (it's no longer set up in **HIDING**):

- Wholly within 6" of your drop zone.
- More than 6" from enemy operatives.
- With an order of your choice.

CONTINUES ON OTHER SIDE

The operative is treated as performing the **Reposition** action (spend the AP accordingly), then continue its activation as normal. If the operative is a **WARRIOR**, ignore its **Group Activation** rule. Friendly operatives still in **HIDING** at the end of the second turning point are incapacitated.
