▶ Select one enemy operative that's a valid target for this operative and within 6" of it, then select one additional rule (including a unique action) that enemy operative has on its datacard (excluding a weapon rule or a rule that states it is ignored for the kill/elimination op). Until the end of that enemy operative's next activation, it's treated as not having that additional rule.

◆ This operative cannot perform this action while within control range of an enemy operative.
