Melta Mine: This operative is carrying your Melta Mine marker. It can perform the **Pick Up Marker** action on that marker, and whenever it performs the **Place Marker** action on that marker, it can immediately perform a free **Dash** action. That marker cannot be placed within an enemy operative's control range (if this operative is incapacitated while carrying that marker and that marker cannot be placed, it's removed with this operative).

Proximity Mine: The first time your Melta Mine marker is within another operative's control range, remove that marker and inflict 2D6+3 damage on that operative; if it isn't incapacitated, end its action (if any), even if that action's effects aren't fulfilled. If it cannot be placed, move it the minimum amount to do so. Note that this operative is ignored for these effects (i.e. it cannot set it off or take damage from that marker).

Blast Padding: Whenever an operative is shooting this operative with a weapon that has the Blast or Torrent weapon rule (excluding weapons that have a sweeping profile), you can re-roll one of your defence dice. In addition, this operative isn't affected by the x" Devastating x weapon rule (i.e. Devastating with a distance) unless they are the target during that sequence.
