

# WYRMBLADE

## FACTION RULE

### FAMILIAR TERRITORY

---

Genestealer Cults infiltrate all stratas of Imperial society, accumulating knowledge of transit routes, passageways and hidden tunnels by which they may outmanoeuvre their foes.

When setting up a **WYRMBLADE ** kill team before the battle, one third of your kill team can be set up in **HIDING**: place them to one side instead of in the killzone. **CULT AGENT** operatives cannot be set up in **HIDING**.

In the Firefight phase, friendly **WYRMBLADE ** operatives set up in **HIDING** are activated as normal. When you do, you can either expend that operative or have it emerge. If it emerges, set it up in the killzone in a location it can be placed as follows (it's no longer set up in **HIDING**):

- Wholly within 6" of your drop zone.
- More than 6" from enemy operatives.
- With an order of your choice.

CONTINUES ON OTHER SIDE

The operative is treated as performing the **Reposition** action (spend the AP accordingly), then continue its activation as normal. If the operative is a **WARRIOR**, ignore its **Group Activation** rule. Friendly operatives still in **HIDING** at the end of the second turning point are incapacitated.
