

FACTION RULE

STRIKING SCORPION ASPECT TECHNIQUE

STRIKE AND FADE

Masters of the hit and run attack, Striking Scorpions withdraw from combat as suddenly as they strike, disappearing into shadow like murderous spirits.

Use this **ASPECT TECHNIQUE** when a friendly **STRIKING SCORPION** operative incapacitates an enemy operative while fighting or retaliating, and is no longer within 3" of enemy operatives. Change that friendly operative's order to Conceal and it can immediately perform a free **Dash** action, even if it's performed an action that prevents it from performing the **Dash** action.
