Booby Trap

(1)

Place one of your Booby Trap markers more than 6" from your opponent's drop zone and more than 2" from other markers, access points and Accessible terrain. The first time your Booby Trap marker is within an enemy operative's control range, remove that marker and inflict 2D3 damage on that operative; if it isn't incapacitated, end its action (if any), even if that action's effects aren't fulfilled. If it cannot be placed, move it the minimum amount to do so.

Tactical Manoeuvre

(1)

Twice per battle **STRATEGIC GAMBIT**. Select one friendly operative. Until the end of that operative's next activation, add 1 to its APL stat.
