**Multispectrum Sensor Package: SUPPORT.** Once per turning point, when an enemy operative visible to and within 8" of this operative is activated, you can use this rule. If you do, each friendly **XV26 STEALTH BATTLESUIT** operative within 3" of this operative can immediately do one of the following:

- Perform a free **Dash** action (in an order of your choice).
- Change its order.

Each friendly operative that performs the **Dash** action cannot end that move within 3" of an enemy operative. Note that a Comms Device from universal equipment only affects the second distance of this rule.
