- ▶ Place one of your Breach markers within this operative's control range as close as possible to a terrain feature within control range of it. Whenever an operative is within 1" of that marker, it treats parts of that terrain feature that are no more than 1" thick as Accessible terrain.
- ▶ This operative can perform this action during the **Charge** or **Reposition** action, and it can do so for 1 less AP during those actions. Any remaining move distance can be used after it does so.
- ◆ This operative cannot perform this action while within control range of an enemy operative, or if a terrain feature isn't within its control range.
