WEAVE DARKNESS

1AP

- ▶ Remove your Weave Darkness marker from the killzone (if any). Then place your Weave Darkness marker visible to this operative, or on Vantage terrain of a terrain feature visible to this operative. That marker creates an area of smoke with the same size and effects as a smoke grenade (see universal equipment), except you don't remove it during the following turning point. If this operative is incapacitated, remove your Weave Darkness marker from the killzone.
- ◆ This operative cannot perform this action while within control range of an enemy operative.
