Modified Vox-casters: Whenever an enemy operative is within 3" of this operative, your opponent must spend 1 additional AP for that enemy operative to perform the **Pick Up Marker** and mission actions.

Whenever determining control of a marker, treat the total APL stat of enemy operatives that contest it as 1 lower if at least one of those enemy operatives is within 3" of this operative. Note this isn't a change to the APL stat, so any changes are cumulative with this.
