Lupine Guile: Once per battle, after rolling off to decide initiative, if this operative is in the killzone, you can re-roll your dice.

Grizzled Veteran: The first time this operative would be incapacitated during the battle, it's not incapacitated, has 1 wound remaining and cannot be incapacitated for the remainder of the action. All remaining attack dice are discarded (including yours if this operative is fighting or retaliating). You cannot use the Counterattack firefight ploy or inflict damage as a result of the Savage Fighters strategy play at the end of that action.

- ▶ **PSYCHIC.** Remove your Storm marker from the killzone (if any), then place it in the killzone.
- ▶ **PSYCHIC.** Alternatively, instead of resolving the above effect, select one friendly **WOLF SCOUT** operative. Proximity Mine: The first time your Haywire Mine marker is within another operative's control range, remove that marker, subtract 1 from that operative's APL stat until the end of its next activation, and inflict 2D3+3 damage on it (or D3+6 if that marker is within 6" horizontally of your Storm marker); if it isn't incapacitated, end its action (if any), even if that action's effects aren't fulfilled. If it cannot be placed, move it the minimum amount to do so. Note that this operative is ignored for these effects (i.e. it cannot set it off or take damage from that marker).
