Evasive Drone:

- This operative cannot perform any actions other than **Aerial Guidance**, **Charge**, **Dash**, **Fall Back**, **Fight** and **Reposition**.
- Whenever determining control of an objective marker, treat this operative's APL stat as 1 lower. Note this isn't a change to its APL stat, so any changes are cumulative with this.
- Whenever determining what's visible to this operative, the round disc at the top of the miniature is its head.
- Whenever this operative has a Conceal order and is in cover, it cannot be selected as a valid target, taking precedence over all other rules (e.g. Seek, Vantage terrain) except being within 2".
- Whenever an operative is shooting this operative, ignore the Piercing weapon rule.

AERIAL GUIDANCE

1AP

- ▶ **SUPPORT.** Until the start of this operative's next activation, whenever another friendly **VESPID STINGWING** 🦇 operative within 6" of this operative is shooting an enemy operative visible to this operative, that friendly operative's ranged weapons have the Lethal 5+ and Saturate weapon rules. This has no effect while this operative is within control range of an enemy operative.
- ◆ This operative cannot perform this action while within control range of an enemy operative.
