

BATTLECLADE

FACTION EQUIPMENT

CONCEALED APPARATUS

Seemingly lightly equipped servitors can, at an imperative from their master, swiftly assemble far more deadly apparatus, the components of which were hidden in body cavities or as entirely different mechanisms.

STRATEGIC GAMBIT in the second turning point.

You can swap the locations of any number of friendly **BATTLECLADE**  **SERVITOR** operatives with each other (excluding **GUN SERVITOR**), and you can swap the locations of friendly **BATTLECLADE**  **GUN SERVITOR** operatives with each other (remove them from the killzone and set them back up again). You cannot swap any operatives that have done any of the following during the battle:

- Used any weapons on their datacard.
- Performed any actions on their datacard.
- Used the Mechanosuture Array rule (see **TECHNOMEDIC**).
