Crewmen: Once per turning point, whenever you would counteract, if you haven't used a **PRIVATEER SUPPORT ASSET** during this turning point, you can use this rule. If you do, you can counteract with one friendly **ELUCIDIAN STARSTRIDER**  **VOIDSMAN** operative that has a Conceal order, but during that counteraction you cannot perform any actions other than **Shoot**, and you must use a **PRIVATEER SUPPORT ASSET** to do so.
