

INVIGORATIONS

Dark Animus

When: During the operative's activation, before or after it performs an action.

Effect: Until the start of the operative's next activation, add 1 to its APL stat.

Accelerated Rejuvenation

When: During the operative's activation or counteraction, before or after it performs an action.

Effect: The operative regains up to D3+1 lost wounds.

Vitalised Surge

When: After the operative incapacitates an enemy operative and that enemy operative is removed from the killzone.

Effect: The operative can immediately perform a free **Dash** action, even if it's performed an action that prevents it from performing the **Dash** action.

Stimulated Senses

When: After rolling your attack or defence dice for the operative.

Effect: You can re-roll any of your dice results of one result (e.g. results of 2).
