

Friendly **RAVENER** operatives can perform the following unique action:

BURROW

1AP

- ▶ If this operative is underground, set it up on your **TUNNEL** in a location it can be placed (it's no longer underground, and it can be set up within control range of enemy operatives). Until the end of the activation/counteraction, subtract 2" from its Move stat.
- ▶ Alternatively, instead of resolving the above effect, if this operative is in the killzone and on your **TUNNEL**, remove it from the killzone: it's now underground.
- ◆ An operative cannot perform this action while carrying a marker, or if it isn't either underground or on your **TUNNEL**.
