Merciless Castigation: The first time this operative performs the **Fight** action during each of its activations, if neither it nor the enemy operative in that sequence is incapacitated, this operative can immediately perform a free **Fight** action afterwards, but you cannot select any other enemy operative to fight against during that action (and only if it's still valid to fight against). This takes precedence over action restrictions.

Fanatical Retribution: If this operative is incapacitated during the **Fight** action, you can strike the enemy operative in that sequence with one of your unresolved successes before this operative is removed from the killzone.
