<sup>1</sup>**Wreathed:** This operative can perform the **Shoot** action with this weapon while within control range of an enemy operative. Don't select a valid target. Instead, this operative is always the primary target, but only shoot against secondary targets and they cannot be in cover or obscured (in other words, determine Blast from this operative, but this operative isn't affected).

**Miracle:** The first time this operative would be incapacitated during the battle, it's not incapacitated, has 1 wound remaining and cannot be incapacitated for the remainder of the action. All remaining attack dice are discarded (including yours if this operative is fighting or retaliating), then this operative can immediately perform a free **Dash** or **Fall Back** action (for the latter, it cannot move more than 3"), even if it's performed an action that prevents it from performing those actions.
