

- **Bulwark:** Improve this operative's Save stat by 1. In addition, whenever an operative is shooting this operative, you can collect and roll one additional defence dice. If you use this ploy during a **Shoot** action, this operative's Save stat is changed immediately (this takes precedence over the core rules).
- **Aggressor:** You can ignore the first vertical distance of 2" this operative moves during one climb up.
- **Neutral:** None.

Note that you can use this ploy after rolling attack or defence dice for this operative, or before or after retaining or re-rolling those dice.
