

MURDERWING💀

FIREFIGHT PLOY

MALICIOUS NARCISSISM

The Murderwing wait until fear is at its zenith before striking.

Use this firefight ploy when it's your turn to activate with a friendly operative, if only one friendly **MURDERWING💀** operative is ready. Until the end of the turning point, whenever any ready enemy operatives are in the killzone, you can skip your activations (in other words, you can delay that friendly **MURDERWING💀** operative's activation). Note that you cannot counteract until that friendly **MURDERWING💀** operative is expended.
