SYSTEM JAM

1AP

► Select one enemy operative that's a valid target for this operative and that doesn't have one of your System Jam tokens; it gains one. Until the end of the battle, whenever an enemy operative has one of your System Jam tokens, it cannot be activated until each enemy operative without one is expended. When an enemy operative that has one of your System Jam tokens is activated, remove that token.

◆ This operative cannot perform this action while within control range of an enemy operative.
