***Siphon Life:** When you select this weapon, you can use this rule. If you do, at the start of the Resolve Attack Dice step, select one friendly **LEGIONARY** 🧠 operative visible to and within 6" of this operative. For each attack dice you resolve during that step that inflicts damage, that friendly operative regains 1 lost wound, or D3 lost wounds if it was a critical success. You cannot use this weapon rule more than once per turning point.
