

Whenever a friendly **SANCTIFIER** operative is activated within 3" of a friendly **ORATOR** operative (or 6" if the **ORATOR** is a **CONFESSOR**), that friendly **SANCTIFIER** operative is benefitting from the **SERMON** until the end of that activation (i.e. even if it then moves more than the distance requirement from the **ORATOR** operative).

Whenever a friendly **SANCTIFIER** operative is benefitting from the **SERMON**, Normal and Critical Dmg of 4 or more inflicts 1 less damage on it.
