

You must select at least one friendly **SORCERER** operative. Other than **WARRIOR** operatives, your kill team can only include each operative on this list once.

¹ With force stave, **PSYCHIC** weapons on their datacard and one of the following options:

- Inferno bolt pistol
- Prosperine khopesh
- Warpflame pistol²

² Your kill team can only include up to one warpflame pistol and up to one soulreaper cannon.

³ These operatives count as half a selection each, meaning you can select both of them and it's treated as one selection in total.
