Heroic Leader: Once per turning point, you can do one of the following:

- Use a firefight play for OCP if this is the specified **ANGEL OF DEATH** operative (excluding Command Re-roll).
- Use the Combat Doctrine strategy play when you activate a friendly **ANGEL OF DEATH** operative if this operative is in the killzone and isn't within control range of enemy operatives (pay its CP cost as normal). Note that you cannot do so if you've already used that play during this turning point.
- Use the Adjust Doctrine firefight play for OCP if this operative is in the killzone and isn't within control range of enemy operatives.

Iron Halo: Once per battle, when an attack dice inflicts Normal Dmg on this operative, you can ignore that inflicted damage.
