

MANDRAKE

FACTION EQUIPMENT

SHADOW GLYPH

Etched into the inky skin of the Mandrake, this glyph glows when activated, causing the creature to fade utterly from sight.

Once per turning point, when a friendly **MANDRAKE**  operative is activated **WITHIN SHADOW**, you can use this rule. If you do, until the start of its next activation, while that operative has a Conceal order and is in cover, it cannot be selected as a valid target, taking precedence over all other rules (e.g. Seek, Vantage terrain) except being within 2".
