► **BOOST** action. Select one enemy operative within this operative's **BOOST ZONE**. Both players roll one D6 and add their respective operative's Wounds stat to their result. If your result is higher, remove that enemy operative from the killzone and set it back up within this operative's **BOOST ZONE** or control range. It must be set up in a location it can be placed and cannot be set up further away from this operative than where it began. If that enemy operative is set up within this operative's control range, the **Fall Back** or **Reposition** action ends (allowing this operative to end that action within control range of enemy operatives).

◆ This operative cannot perform this action normally. Instead, it performs this action during the **Fall Back** or **Reposition** action after setting up from a **BOOST**.
